To Send a call from a Radio

Select Highway Zone (your zone)

Select Site (your site)

Inter-op Call

Talk Group Call

Unit Call

Select IO1 talk group, then after contact is made move to IO2 or IO3

Select Highway Camp Talkgroup (press select to confirm)

Press “UCall” button on radio (hold till radio beeps)

Press and hold “F1” button for ~3 seconds

Enter Radio ID #

PTT & Voice Call

To Receive a Unit Call on a radio

Hear two quick beeps, or other party voice calling?

Press “UCall” on the radio

Press PTT to talk and carry out conversation

Press “UCall” on the radio to end the conversation

SIMPLEX MODE:

Simplex is a “Site” in each “Zone” that can be used similar to a “walkie talkie”. The transmission is radio to radio and does not utilize the towers. This is sometimes referred to as “line of sight” communication and is limited to the strength of the radio. Handhelds +/- 2 kmps, vehicle radios +/- 5 kmps.

Note: IASimplex and IARepeater are for interagency use only.

EMERGENCY

Life Threatening Situations only

Ensure you are correct Hwy Zone and site

Press & hold EMERGENCY button for two seconds (until tone is heard)

RCMP dispatcher will answer call

If initiation of call is accidental YOU MUST STILL RESPOND to dispatcher to cancel call

To end emergency call press & hold emergency button (until tone ends)

INTER-OP TALKGROUP

Each site has a dedicated I/O Talk Group that will allow emergency communications across ALL Agencies on that site.

To communicate across User Groups use the IO1 to contact radios in a different UserGroup (ie: WildFire)

Once Contact is made switch to IO2 or IO3 to continue communications.

SCAN BUTTON (F3 on handheld)

Scan will monitor inter-op and telephone talkgroups for radio traffic

To temporarily delete a nuisance channel press and hold SCAN on the mobile, while the channel is transmitting, until tone sounds (1 sec)

If SCAN is OFF you will NOT receive incoming telephone calls, however Unit to Unit call WILL work.

Discern cables before boosting!
MRS Radio Quick Reference Sheet - HPW-TEB - 20/01/2012

Radio to Telephone:

Where are you calling from?
- refer to Tele-Zone table-

Select corresponding Tele-Zone and Site on radio
